ROTARY RATES PAT ON BACK

Campbell's Rotary Club merits a sound vote of thanks from the citizens of Campbell for their donation of street signs at intersections in the city.

Much time, planning, labor and expense went into the project. It consisted of placing the signs at 32 intersections between San Tomas Creek and Los Gatos Creek.

The project was carried out under the chairmanship of Fred Jones Jr., Homer Hyde, and Al Smith. Joaquin Payne is president of Campbell Rotary Club.

Five members of the Future Farmers of America, from Campbell High School, assisted in the project as part of their community service contribution.

The signs, as attractive as they are practical, are a decided benefit to the community. The sturdy signs are a symbol of the new order and organization in the city. Visitors will be impressed, and residents have already expressed their appreciation and approval in many favorable comments to the Press.

THIS MATTER OF STREET CLEANING

Dirty streets are not only an eyesore to local residents, they create an unfavorable impression to visitors. They also cause undue expense to local merchants who can ill afford the time and expense of hiring extra help to keep streets clean. Then there is the health factor to consider. Paper wrappings, fruit peelings, and other miscellaneous debris have been allowed to collect in street gutters.

Before Campbell became a city, the Campbell Chamber of Commerce through the County Board of Supervisors, allocated the sum of \$100 monthly to the Campbell Union High School district to use their equipment in the cleaning of Campbell's streets. Now that Campbell has become a city of the sixth class, that money is no longer available from the county.

The city itself, however, has money which can be used for that purpose. The city council has been informed of the situation and it is understood that the city is presently negotiating a contract with the county to perform this service. We hope it will be done soon, and the city will once more become a clean and pleasant place in which to live and work.

MOTHER'S DAY

In some respects, the mothers of today are vastly different from the mothers of two or three generations back. The principal difference lies in their outlook. The modern mother is not a stay-at-home. Her world does not begin at the front door and end at the back door. This does not mean that her family and her home are any less important to her than to her mother's or grandmother's families were to them.

It is simply that women's interests have broadened. They are more alert to the fact that by taking an active part in educational and civic affairs, and even politics, makes for a better community and a better world for their children.

Many women today are active in business not only as jobholders, but as proprietors as well. But their wider activities and broader outlook have not taken from them the essential relationship between mother and family.

Her thoughts still center primarily around her loved ones and her sacrifices for her family are no less a part of the modern mother than they were for the mothers of long ago. Certainly the mother of today is richly deserving of the honor bestowed on her on Mother's Day. In fact, she is so deserving that the family might well consider being more thoughtful of her every day of the year.

CAR CRASH HURTS LOCAL RESIDENT

Warm weather over the past weekend, with its resultant heavy traffic on the highways may have had something to do with the rash of automobile accidents throughout the county, according to the California Highway Patrol.

Three Campbell youths were involved in collisions although only one was taken to the hospital with minor injuries.

Jeanne Hughes, 20, of 16 North Central avenue was taken to O'Connor Hospital with minor injuries when the car in which she was a passenger collided with one driven by George L. Röderick, 28, of Sacramento. Miss Hughes was in a car driven by Harold Dickenson, 27, of Santa Clara. A third driver involved in the accident was William B. Holland, of 49 Gillman avenue, Campbell.

Moreland School Plans Busy Day

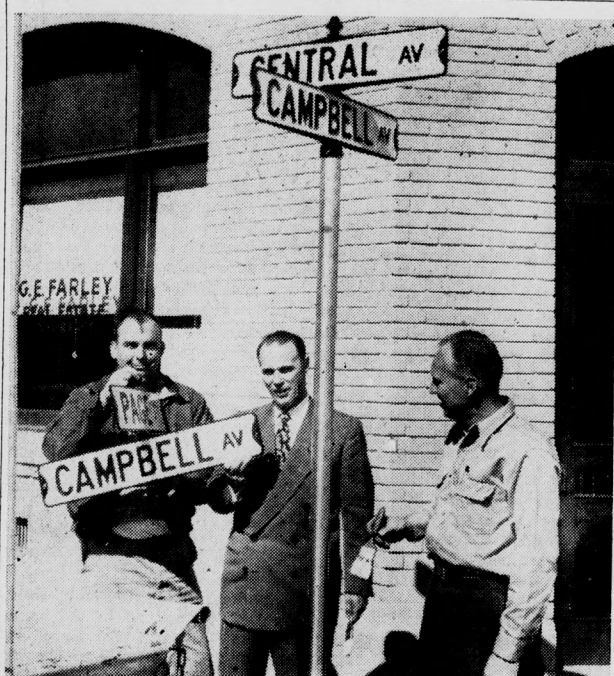

Activities today and tomorrow at Moreland School, according to Principal Mrs. Gussie M. Baker, include a "Fun Day," a "Mother's Dessert," and a magazine subscription drive for the school library.

On Friday from 7:30 p.m. to 10 p.m. the seventh and eighth grade will hold a "Fun" party in the school cafeteria on Payne and Saratoga avenues. All seventh and eighth graders of Moreland school are eligible to attend but must furnish their own transportation and written consent of their parents.

Also on Friday, May 8, the Moreland Library which furnished recreational reading for Moreland school children is having a magazine subscription drive. New subscriptions and renewals will be solicited by the upper graders. Money collected will be used for the purchase of new library books.

Today, May 7, the Bluebirds of the Campfire Girls will hold a "Mother's Dessert"

Cambrian Park Postoffice A Possibility

STREET TREATMENT . . . Rotarians Al Smith, Joaquin Payne and Homer Hyde join in erecting Campbell's first street sign. The signs are being erected as the culmination of a project started over a year ago by the Campbell Rotary Club as a part of their civic service program.

Kieth Hammond (standing) and James Smith put finishing touches to Campbell street sign post, current project of Campbell Rotary Club. Boys are members of Campbell High School Future Farmers and installed the poles as part of their community service project. Other members are Bobby Alvares, Gene Zimball, and Richard Rice. Advisor is Al Smith.

GEORGE KEMP TO PRESIDE

George B. Kemp of Campbell Union High School, president of the Bay Section of the California Business Education Association, will preside over a meeting of the Association when it meets at San Leandro High School, May 9.

Theme of the meeting will be "Teacher Evaluates Student—Student Evaluates Teacher."

Following the topic of Dr. Dale P. Wren's theme speech, Mrs. Dorothy Woodard, from San Jose High School, will lead a discussion on short-hand, and Edward Burda, from San Mateo High School, will lead another group in general business. A tour of San Leandro High School will follow these section meetings.

At the luncheon following the morning activities, John Baldwin will speak on "Army Finance

Prizes Awarded In Annual Poppy Poster Contest

Bud Feasel son of Mr. and Mrs. Joseph Feasel of 201 Rincon avenue was the first prize winner of the annual American Legion Auxiliary poppy poster contest, Tuesday, over approximately 50 entries.

Second and third place winners were Chet Fry, of 1259 Walters Avenue, Campbell, and Ron Moesle, of 465 Meridian road, San Jose.

Winners were awarded prizes of five, three and two dollars for their entries based on originality, neatness, and artistic ability. Judges of the contest were: Frank Cutting, noted Campbell artist, Mrs. Charles Chubb, member of Campbell of Veterans of Foreign Wars Auxiliary, and Eugene W. Barnes, co-publisher of Campbell Publishing Company.

Object of the contest, an annual affair in which Campbell Union High School students participate, is to select posters for national distribution in the annual American Legion poppy drive for funds for disabled American servicemen.

Almost every community in the United States holds contests and awards prizes on the local level. Winning posters then compete on statewide and on national level with prizes awarded for each competition.

Last year's winners at the local level were: Leslie Hazelton, of 19136 Prospect street, Cupertino, second prize went to Jackie Davis of 265 W. Campbell avenue and third prize winner was Elizabeth Ribble of 195 Poplar street. Last year awards of merit were earned by Bob Shockley, Alice Anne Jones and Nada Stepovich.

CAMBRIAN'S POSTAL 'NO MAN'S LAND' SUBJECT OF OFFICIAL INSPECTION; GUBSER URGES CLASSIFIED STATION

A postal inspector will be in the Cambrian Park area today to investigate the desirability of establishing a branch station of the Los Gatos office in that area, according to a communication from Charles S. Gubser, 10th District Congressional representative.

PARISHES PLAN BABY LAYETTE LOAN SYSTEM

Today, when our dollars fail to reach or buy the things we need, it becomes necessary for us to improvise means for obtaining essential commodities. It is with this in mind that the Bishop O'Dowd Council, Knights of Columbus Layette Plan was started.

The plan is to loan, exchange or give items pertinent to expectant mothers or infants. This plan is available to all parishoners of Sacred Heart, St. Lucy's and St. Mary's parishes.

If anyone has surplus infant clothing or accessories for which they have no further use, or are not in use at the present time and wish to loan them out, please call any of the following committeemen and they will pick up your gift or record the items which will be available as a loan or gift.

A central distribution and recording system is being arranged. Any mother who is expecting or has need for infant wear or accessories, can contact the committeeman in her parish, who will assist her in obtaining what is needed if available.

Sacred Heart Parish, Saratoga, William E. Glennon, FR 8-5277; St. Mary's Parish, Los Gatos, J. T. Kilgenny, ELgato 3-3164 or St. Lucy's Parish, Campbell, A. J. Sciotti, FR 8-6381.

ZONE ORDINANCE HEARING DATE SET FOR JUNE FOURTH; MERCHANTS' ASS'N. GETS DENIAL FOR OVERHEAD BANNER

City Council Monday night set Thursday, June 4, as the date of a public hearing on City Master Zoning Ordinance presently being prepared by Nestor Barrett and the city planning commission.

Most recent activity of the commission was a field trip throughout the city, so that commission members could coordinate their paper work with a more realistic view of the physical aspects in city planning.

The city, in the meantime, will continue to operate under its interim zoning ordinance, passed earlier in the city's organization, which requires use permits from the council for all building other than single family units.

For the public hearing on June 4, the city council is making plans to use an auditorium to accommodate the expected crowd of property owners.

City Council also directed City Attorney Joseph A. Bonacina to draw up resolutions to enable the city to proceed with paving an area at Hamilton and Milton Aves. in front of Rosemary School. Part of the estimated \$7400 cost is expected to be borne by using State Chapter 47 (matching) funds.

The council also denied a building permit to Max Mercer to construct a building on the northwest corner of Winchester Road and Rincon Ave. Permit was denied on

the grounds that no space was allotted for parking in the plan submitted by Mercer for council's approval. Mercer wanted to build on a 34x100 foot lot with five apartments on the second floor.

The Council decided to meet with State Division of Highways engineers this morning in Mayor Richard W. Morton's San Jose office to discuss the proposed interchange on Route 5 freeway passing through the city limits.

Application of Campbell Merchant's Stamp Association to put up an over street banner was denied 3 to 1 by the council with councilman Joseph V. Gomes casting in favor of the request.

The Council directed City Clerk Dorothy Trevelyan to write the Campbell Union School District, calling attention to Fire Chief Jack B. Scott's earlier communication to the district in which he said there is a lack of fire hydrant facilities at new Hamilton School, now under construction.

Gubser strongly urged the establishment of a classified postal station in what he termed "A postal No-man's land" in a letter to N. R. Abrams, assistant postmaster General.

Gubser's letter to Abrams, followed a conversation with Edward Briggs, Los Gatos postmaster, in which he outlined growth of the area, better service, and economy as the principal reasons for establishing the branch.

Gubser's letter to Abrams follows:

"Dear Mr. Abrams: Reference is made to a telephone conversation which I had with Mr. James T. Nelson concerning the advisability of establishing a classified postal station of the Los Gatos, California, postoffice in the Cambrian Park area.

I appreciate the decision which has been made to send an investigator to that area and strongly favor and urge the establishment of this station. I wish to take this opportunity to reiterate some of the reasons for its necessity advanced by Mr. Edward Briggs, the postmaster at Los Gatos, and myself.

I consider the Cambrian Park area to be a postal "no man's land." It is situated approximately half way between the cities of San Jose and Los Gatos. It is a rural community and has grown to the extent that it should no longer be a "no man's land." There is currently under construction a tremendous \$2,500,000 shopping center with 100,000 square feet of building and parking space for approximately 1000 automobiles. The population of this area is far in excess of many areas which are currently served by first class postoffices. It is growing at a rate not surpassed by any section of the State of California.

Current delivery service is from the City of Los Gatos, which is five miles away from the center of this Cambrian Park area. It is a community comprised largely of families with one automobile which is used by the man of the house in transporting himself to and from work. This distance from Los Gatos and the lack of transportation facilities renders postal service for the mailing of parcel post packages, purchase of stamps and mail orders, etc., almost completely unavailable to the residents of the Cambrian Park area.

I believe you have been previously reminded by Postmaster Briggs of Los Gatos that considerable economy could be effected by the establishment of this branch, including large savings in vehicle hire. Mail could be better protected and it goes without saying that the appearance of the streets could be improved if rural type mail boxes were removed from streets and placed on the houses.

Figures also furnished by Mr. Briggs show that this proposed office would serve 7,821 patrons on city carrier routes and 3,573 on rural routes. In short, I believe the establishment of this office to be more than a mere improvement of service and a matter of convenience for residents of the Cambrian Park area. I strongly believe that it can also be considered an economy move.

I sincerely hope that the above information will prove of value to you in your investigation and again wish to express my appreciation for your promptness in dispatching an inspector to investigate this request.

Yours sincerely,
CHARLES S. GUBSER"

J. CARRAHER IS ROTARY SPEAKER

MRS. WM. COLE WINS WASHER

121406 was the lucky number and Saturday, May 2 was the lucky day for Mrs. William Cole, 738 Fewtrell Drive. Mrs. Cole was the lucky winner of the new Bendix Automatic Washer given at a drawing by the Double AA Market last week. A regular customer of the market, Mrs. Cole had over 100 chances to win the washer. The magic number, 121406, was the first card drawn from the box, and, although it was not necessary Mrs. Cole was present at the drawing.

FIREMEN FACE 4 FALSE ALARMS

Campbell Fire Department had a busy day last Thursday and Friday responding to four alarms all false.

Calls were received at the station at 9 a.m., again at 11 a.m. and a third at 1:30 p.m. A fourth alarm was sounded at 1:20 p.m. on Friday.

According to Campbell Fire Chief Jack B. Scott all alarms were the result of technical difficulties with telephone wires on which men were working.

LEGAL NOTICE

RESOLUTION OF INTENTION TO VACATE AND ABANDON PUBLIC RIGHTS TO A CERTAIN 25-FOOT STRIP OF LAND AS A FUTURE STREET

WHEREAS, upon the petition of a property owner, it is the intention of this Board of Supervisors to vacate and abandon the right of the County of Santa Clara, for and on behalf of the public, to accept the offer of dedication of that certain strip of land more particularly described as follows, to-wit:

That certain strip of land 25 feet wide offered for dedication as a "Future Road Line" lying between the southerly line of the Santa Clara-Los Gatos Road (now Hacienda Avenue) and a line designated "Future Road Line" as more particularly shown on the map of Tract No. 172, San Tomas Haciendas as recorded in Book 5 of Maps, Page 35, Santa Clara County Records, in the office of the County Recorder, San Jose, California, and as said future road line affects Lots No. 1, 2, 3, 4, and 5 of said subdivision.

NOW THEREFORE, BE IT RESOLVED AND ORDERED that a public hearing be held on the matter of the proposed abandonment of said future road in the chambers of the Board of Supervisors in the Court House, San Jose, California, on the 25th day of May, 1953, at the hour of 11:00 o'clock A. M. of said day, at which time and place all persons interested in the proposed abandonment proceedings may be heard and

BE IT FURTHER ORDERED that the Clerk of this Board shall, in accordance with law, cause to be published a copy of this Resolution and Notice for at least two (2) successive weeks in the Campbell Press, a newspaper of general circulation published and circulated

in the County of Santa Clara, and that said Clerk cause to be posted copies of this Resolution and Notice as required by law.

PASSED AND ADOPTED by the Board of Supervisors of the County of Santa Clara, State of California, this 4th day of May, 1953, by the following vote:

AYES: Supervisors, Brown Della Maggiore, Gaspar Levin, McKinnon

NOES: Supervisors, None

ABSENT: Supervisors, None

J. M. McKINNON, Chairman of the Board of Supervisors

ATTEST: RICHARD OLSON, Clerk of the Board of Supervisors.

Published May 7 and 14, 1953

RESOLUTION AND NOTICE OF INTENTION TO ABANDON EASEMENT FOR LIGHT AND AIR

WHEREAS, upon the petition of a property owner, it is the intention of this board of Supervisors to abandon that certain easement for light and air more particularly described as follows, to-wit:

An easement for light and air over that certain 50-foot strip of land lying between the southerly line of the Santa Clara-Los Gatos Road (now Hacienda Avenue) and the line designated as "Building Line" on that certain subdivision map of Tract No. 172 San Tomas Haciendas, as recorded in Book 5 of Maps, page 35, Santa Clara County Records, in the office of the County Recorder, San Jose, California, as said easement for light and air affects Lots No. 1, 2, 3, 4, and 5 of said subdivision.

NOW, THEREFORE, BE IT RESOLVED AND ORDERED that a public hearing be held on the matter of the proposed abandonment of said easement at the hour of

Boy Scouts of Santa Clara county are working feverishly to complete ticket sales for the Scout-O-Rama to be held in Civic Auditorium, San Jose May 15 and 16 at which 73 Santa Clara units will participate.

Ken Robinson, from Campbell High School recreational department is one of the adult leaders along with Gene Warne and Oscar Hansen, Scoutmaster of the first unit of the National Jamboree now being organized.

Jamboree Scouts met last Tuesday to be assigned to Troops and met with their scoutmasters to organize. Full particulars are available at the Council office and applications are being accepted until the quota of 105 is reached.

Other events on the Campbell Scouting calendar for this month include: a Commissioner meeting, last Tuesday (May 5) Campbell District meeting today at 7:30

11:00 o'clock A.M. on the 25th day of May, 1953, in the chambers of the Board of Supervisors in the Court House, San Jose, California, at which time and place all persons interested in the proposed abandonment proceedings may be heard; and

BE IT FURTHER ORDERED that the Clerk of this Board shall, in accordance with law, cause to be published a copy of this Resolution and Notice for at least two (2) successive weeks in the Campbell Press, a newspaper of general circulation published and circulated in the County of Santa Clara, and that said Clerk cause to be posted copies of this Resolution and Notice as required by law.

cil for service in a local Council field. He is a veteran Scouter having served as Council President, Board Member and Scoutmaster in a Pennsylvania Council before taking up his residence in San Jose. Dr. Gilbert is a member of the administrative staff of the San Jose Unified School District.

The Transportation Service at the National Jamboree to be held at the Irvine Ranch in Southern California from July 17th through July 23, 1953, will be responsible for the movement across the United States of 50,000 Boy Scouts, Explorers and Adult Leaders. Over 100 special trains will bring the contingent from the Eastern and Southern States and thousands will come by bus. The Transportation Service will also be responsible for all excursions taken while at the Jamboree and are arranging transportation facilities so the 50,000 Scouts will have an opportunity to have two swims in the Pacific Ocean.

Dr. Gilbert will report to the Jamboree campsite three days in advance of the opening date to help complete the transportation progress within the camp area. It is a distinct honor to the local Council to have Dr. Gilbert assigned to the National Jamboree staff, declared Clark L. Bradley, Council President, in commenting on the appointment.

Dr. Gilbert is an active Scouter of the Santa Clara County Council, Boy Scouts of America, as Chairman of the Council Training Committee and a member of the Executive Board. He wears the Silver Beaver award, the highest recognition given an adult leader of Scouting by the National Council.

SPORT SPOT

Rain disrupted most of the sports events in league action last week. Many battles were postponed for later dates, which will really fill the sports calendar for the month of May.

N.C.S. Trials—Saturday

This Saturday marks the day for the North Coast Section Track Trials to be held at Salinas. Those fellows who rank high in the SCVAL plus those who qualified in last Saturday's PAL meet will make the trip. At Salinas the SCVAL, PAL, and CCAL will battle for the top five spots or so to qualify for the finals at Berkeley, May 16. One hundred schools are

entered in the NCS, ranging from Eureka in the north to near King City in the south. Campbell High will definitely be represented Saturday in both A and B divisions.

Last Friday's meet with Washington was postponed, and something was said to the effect that a three-way meet between the locals, Huskies and Fremont would be scheduled for some time this week to settle the issue.

Taking every event but the diving, Santa Clara walked off with the SCVAL swimming crown for the 1953 season. CUHS placed second in the varsity and third in the B division. Fremont and Los Gatos were the other loop schools entered in last Friday's finals.

Virginia Lico Becomes Bride Of Dubois Rhine At Afternoon Ceremony At Sacred Heart Church

Virginia Lico became the bride of Lt. DuBois Rhine in an afternoon ceremony at Sacred Heart Church in San Jose, May 3 with Father Poggi officiating.

The bride was lovely in a waltz length gown of imported lace and crown of embedded seed pearls, and a fingertip veil held by a tiara of beaded pearls. She was escorted down the aisle by her brother Peter Lico to the altar decorated with calla lilies and greenery.

SERVICE NOTES

Matron of honor Betty Riedle wore a waltz length gown of pale yellow net over taffeta and crown of orange blossoms. Joan Ereno, Sally Mogolio and Clara Cinuni, Virginia's bridesmaids, wore Nile green gowns and orange blossom crowns.

The two flower girls, Judy Filice and Pally Rhine, wore pale yellow dresses and carried bouquets of lilies of the valley.

Benedict's best man was Hubert Riedle. Ushers were Robert Feahy and Ted Lico. Barbara Gullotto presented nuptial music and sang "Angelus Angelicus."

A reception, attended by 400 people, was held in the San Jose Women's Club, when a four-tiered cake was cut by the bride and the groom.

The bride's mother, Mrs. Lico, greeted guests wearing teal blue suit with black accessories, and pinned on an orchid corsage.

Benedict's mother wore blue and white suit and matching accessories and orchids.

Both Virginia and Dubois attended San Jose schools. Dubois, while at San Jose State, was affiliated with Sigma Nu fraternity.

For a going-away ensemble, the bride chose a buttermilk suit with navy accessories.

After a two-week stay in Mexico, the couple will make their home in Sacramento where Lt. Rhine is stationed at Mather Field.

CAL SUPPLY BLUE STREAKS TO FACE PAINE'S CLUB OF HOLLISTER SAT.

California Supply Co. "Blue Streaks" softballers will play their first pre-California State league tuneup game at the Campbell Grammar School diamond Saturday night, when they meet Paine's Club of Hollister. Game time will be 8:45, with a preliminary game between two local teams at 7:00 o'clock.

Not too much is known about Paine's Club nine this year, but in 1952 the team was one of the best in the Central Coast Counties district, which includes Santa Cruz, Monterey and San Benito counties.

Following Saturday night's game the Blue Streaks will take a well deserved rest until Tuesday night, May 12, when they travel to Redwood City's Hawes Park, for their opening California State league game with Menlo Motors of Menlo Park. Menlo Motors early this week had run up a string of six wins without defeats and are one of the two teams to beat Cal Supply this season.

Saturday night, May 16, they return to the local diamond for their first home league game, and it will be the contest many Santa Clara softball fans have been waiting for, the first game with the powerful Napa Merchants, Northern California Regional champions in 1952.

"Bud" Bosque, veteran ace of the "Blue Streaks" mound staff will hurl the game against Napa, with Leroy Steck, one of the most outstanding young pitchers of Northern California, expected to open for Napa. Pete Sanders who has been carrying the bulk of the "Blue Streaks" pitching chores while Bosque has been rounding into shape, is scheduled to start against Paine's Club Saturday night.

The "Blue Streaks" won two out of three games over the past weekend. They broke even in two local games, drubbing Hankla De Sotos of Senastopol 9 to 1 Friday night, but lost a 5 to 1 decision to the powerful Folger Lumber Co. of Berkeley Saturday night, as the Lumbermen pushed across four runs in the final inning. Monday night, they traveled to Palo Alto to take another 9 to 1 victory, this time from Hewlett Pack-

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

A few million pounds of beef raised in New Zealand, sold cheaply in a few cities of the nation, raised a much greater beef in Washington.

Sales of this beef for less than half prevailing U. S. prices, came as the drive to repeal all U. S. tariff laws was started.

Butchers bought the beef from Swift & Co. for only 17 cents per pound, or less than half current U. S. price for live beef. .39c steaks not only raised widespread public interest, but also three interesting questions.

Question ONE: New Zealand beef was permitted into U. S. because of an embargo on Canadian beef due to cattle disease. So Canadian beef was shipped to England; New Zealand beef, normally shipped to Britain, was taken into the U. S.

The question: How can tariff laws be suspended without the consent of the Congress?

Question TWO: It developed the beef was in the U. S. for several months. But the new expiring Office of Price Stabilization prevented its sale while able.

The question: By what authority could OPS withhold cheap food from the market?

Question THREE: Out in San Francisco, Milton Maxwell, butchers union head, prohibited sale of the meat in all except two markets, which had contracted for the beef before he made his ruling. He claimed the beef was butchered under non-union conditions. But when informed it was killed by the New Zealand union, he still flatly re-

© National Federation of Independent Business

fused to let his union butchers handle the meat.

The question: By what authority can a union leader dictate what foods can be sold?

But the entire New Zealand beef situation is held to throw into sharp focus the muddling created by everybody in Washington, above the rank of a chief clerk, assuming powers reserved by law for Congress. Assumption of power in matter by union leader creates still further questioning as to just who does formulate U. S. policy.

Some claim situation shows how close U. S. is to anarchy, a system where everybody assumes power at will.

Under U. S. Constitution, a strong, controlling Congress is set up to avoid anarchy.

Agriculture Department felt reaction first. Secretary Ezra Benson had just announced intention to bring free competition back to farm marketing.

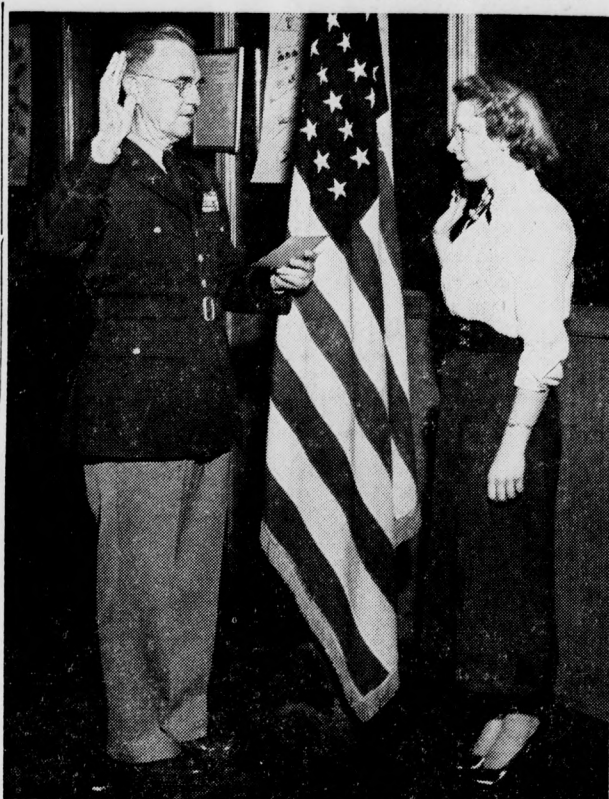

But now Agriculture announces resumption of butter price support. In all probabilities, U. S. taxpayers will once again pay many millions of dollars to buy up surplus U. S. butter.

Yet a strong effort is underway to abolish all tariff laws.

Yet, despite tariff, and war conditions, so far it has been impossible for U. S. to handle surplus production without spending huge tax sums.

Many feel use of tax money to keep U. S. agriculture healthy is sound policy under existing conditions.

But it will take a lot to convince taxpayers they should be assessed to take care of foreign farmers, too, which will be the result of tariff repeals.

Miss Shirley Jeanne Currie, 22, is shown being sworn into the Women's Army Corps recently by Colonel Murray M. Montgomery, Commanding Officer of the Sixth Army Recruiting District at the Presidio of San Francisco. Private Currie is the daughter of Mr. A. C. Currie, of 28 North Second Street, Campbell. She is presently attending basic training at Fort Lee, Virginia, preparing herself for Army technical training and for assignment in specialized work. Private Currie graduated from Campbell Union High School in 1948 and attended San Jose State College in 1949 and 1950. Prior to enlisting in the WAC, she was employed as a doctor's assistant in the offices of Dr. M. B. Jorgensen of Los Gatos. Pvt. Currie was active in Job's Daughters and Eastern Star.

UNEMPLOYMENT 'CHISELING' COSTS TAXPAYER MILLIONS, AGENT CHARGES

SACRAMENTO, April 15—(CNE)—Charges by a former Treasury agent that chiseling on the state unemployment insurance fund has been costing the taxpayers at least \$20,000,000 a year have been borne out in testimony before an Assembly investigating committee. The final witness at the conclusion of the hearing Saturday was James G. Bryant, director of the state Department of Employment, and as he was about to leave the stand Committee Chairman Gordon Fleury asked:

"Do you agree that the figures of the committee's statistician were fair, and that the estimate of losses to the fund could be as high as \$22,600,000?"

"I do," Bryant replied. Bryant and Governor Earl Warren at first denied the loss would run higher than \$326,000 a year, and they described as "fantastically distorted" the estimate of \$20,000,000 made last January by William A. Burkett, former T-man and now a vice president of the Inter-Association Unemployment Insurance Committee, a non-profit group of employers.

"Now, Mr. Bryant has admitted that the figure which he and the governor called fantastic is true, by the very data and statistics from his (Bryant's) own department," Fleury told newsmen.

The \$22,600,000 estimate was arrived at by Dr. Norman Rudy, professor of statistics at Sacramento State College, retained by the Assembly committee to analyze samplings of fraudulent and improper benefit payments furnished by investigators for the employment department.

These included 100 cases picked at random from current claims in various parts of the state. Of the 100 cases, James O. Reimel, chief of the fraud section of

the department of employment, found 17 per cent were claims paid either to willful violators or to claimants not entitled to benefits for other reasons.

In addition to the 100 cases presented by Reimel and his staff, the Assembly committee's own investigator, former FBI-agent T. L. Billings, offered in evidence 18 claims which he had studied in the last two weeks.

Of the 18, one was found to be an outright case of fraud on the part of the claimant, and 11 others were adjudged improper. Billings' check was made in San Diego, Oceanside and Santa Monica offices of the department of employment.

He testified that he found drunks, liars, loafers and "just plain cheats," living off unemployment benefits, and that the attitude of many of these was:

"I'm only getting back what I paid in."

It was brought out repeatedly during the legislative probe that employees do not pay anything into the unemployment insurance fund, but that the entire tax is paid by the employer.

Officials of the department of employment admitted under oath that carelessness and inefficiency on the part of the local office personnel are rampant, particularly in the smaller offices. They named specifically Merced, where, according to Albert B. Tieburg, chief of the department's claims review section, claimants were given benefits even after giving disqualifying improper answers to questions of claims interviewers.

This prompted Assemblyman Harold K. Levering of Los Angeles, a member of the committee, to remark:

"In other words, local claims

Cambrian Party Of Gay Nineties Decided Success

Cambrian Home and School Club's Gay 90's party recently held at Cambrian Youth Center was a decided success, according to officials Mrs. Donald Lantz, president of Cambrian Home and School Club, and Mrs. George Petera, the general chairman. Over \$300 was taken in, of which half will be donated to the Cambrian Youth Center. The other half goes to Cambrian Home and School Club treasury.

Highlights of the affair were the McCee comments of Delos Bagby, Cambrian school principal, and Monty Estabrook and the floor shows by the Cambrian faculty, Cambrian Men's Club and the Home and School Club entertainment.

Many singing acts were presented and enjoyed by all present, especially "Take Back Your Mink," by Mrs. Estelle McDonald, who sang the solo with a group of women teachers for Cambrian School accompanying the song in a dancing background.

Thomas Mead's pantomime to a recorded song, "In the Book," received favorable comments from the assemblage.

Mrs. Joanna Smith, who will perform in the Campbell Kiwanis-sponsored variety show, soloed in "Frankie and Johnnie," and "Basin Street Blues."

Six waiters garbed in the best of gay nineties fashion with arm bands on white shirts, vests, greased hair parted in the middle and upper lips adorned with cultivated moustaches circulated through the crowd waiting on tables. Albert Handley, as a Keystone cop, mingled with the crowd to carry out the theme.

Due to the crowded floor and lack of time, the costumes were not judged.

Private Fieth, whose parents, Mr. and Mrs. Fieth, live at Crescent City, Calif., finished a mechanics course at the Eta Jima Service School in Japan before arriving in Korea. He took basic training at Fort Ord, Calif.

examiners just start handing out money without even bothering to determine if the claimants are sick, drunk, lazy or happen to be working at the time of making claims."

To which Tieburg replied:

"That would appear to be the case."

Meet the Coach

By BOB OLSON

Junior Morgan is another Campbell teacher who commands respect in the athletic field as well as the classroom. Right now he's as hard pressed as his milers out directing the well organized Bucanier track squads. Last fall you might have seen him all over the football field coaching the varsity backs so they could play their all-important role helping Campbell win the SCVAL co-championship. And any morning you'll find him teaching drivers education in the classroom and advising driver training in the trainer's Chevrolet.

Junior is his real name. In fact, his initials are J. P., because his father hoped he'd become a financier like J. P. Morgan. A graduate of San Jose State College, Coach Morgan was a tall, lanky, pass-catching end for a scrappy and colorful Spartan eleven which also featured the talents of Bert Robinson, Campbell's basketball coach, and Billy Wilson, who has since become a 49er great.

Junior lives with his easy-to-get-along with wife, Sue (who likes Will Rogers, claims she's never met a person she didn't like) in a comfortable and well built Quito Park three bedroom home. As you walk through the house you'll see "improvements" Junior has cut through with his own saw and pounded together with his own hammer, proving that his talents are architectural as well as athletic. (He's seriously thinking of patenting his shot put book rack). The Morgans, like many Valley couples, met at Santa Cruz Beach one Sunday. Sue was still in high school, and the Coach was but a freshman at SJSC.

Junior works nights as softball or basketball (depending on the season) director for the high school recreation district. He wishes he could spend more time at home with his two healthy daughters, Leslie, 3, and Heidi, who is only one year old.

The highpoint of the school year

Huskies Halt Bucs

Rally Falls Short, 7-5

Last Friday two hard-hitting clubs battled on the local diamond with the Huskies getting the edge, 7 to 5, despite a last-inning surge on the part of the locals. Bob Lunsford notched the win for Washington while Bacon (3-2) was the loser.

As it has happened so many times in the past, the first inning started the fireworks. Bradford's double to right followed by Haywood's single to almost the same spot produced a Buc lead of 1-0.

In the second frame, Murakami of the Huskies reached first on an error and a following error and a sacrifice by Orozco chased him across.

The fourth stanza gave the Huskies a 3-1 margin as King blasted a four-master scoring Murakami ahead. Not to be outdone in the bottom half, Ron Haywood clipped off a double and registered on a passed ball after two were away.

The sixth frame produced two more runs for the Centerville nine as Murakami walked, stole second,

for Coach Morgan are the SCVAL Relays... to be held this year at Fremont Union High School's track on Friday night, May 22nd. "If our fellows really give their all and then a little bit more, we'll surprise everyone that night," he promises. Coach Morgan is slow to praise and slower to anger. He is well liked by all who work with him, and has many interesting techniques for "getting the best efforts" from those he's guiding in the pit, on the cinders, or even over the desk. One of his track rewarding systems this year has temporarily backfired, however.

Promising a free Frostie every time a track man breaks a record Morgan set for him. Coach has so far doled out 135 complimentary deserts. He's known now as the "Frostie Man", but we note nothing cold about Junior Morgan. He's as warmly sincere as anyone this writer has met in a long time.

LETTER TO THE EDITOR

Campbell Press, Gentlemen: I wish to express the appreciation of Campbell Business and Professional Women's Club on the cooperation and fine coverage you have given our organization during the past club year. We feel you have contributed greatly to the success of our activities. My personal thanks to you for helping me to accomplish my job and for always being so cheerful about it.

Sincerely,
Dorothy M. Ellis,

and scored on Chacon's lofty triple to left center. King drove Chacon across via a long fly to left.

Singles by Santos, Arrington, Nieves, and Murakami tallied two, giving the Huskies a 7-2 lead going into the last half of the seventh.

In the bottom half, Haywood collected his third hit in as many plate appearances, a home run to center field. Nunez singled but was forced at second by Holm. Field reached the initial sack on an error while Bacon followed on a walk. Sutton knocked across two markers with a single to left. Oik, who relieved Lunsford with two out, cut down the rally with a strike-out.

Haywood topped both squads with three for three, a single, double, and a home run. The Huskies scattered their seven hits, with Murakami being instrumental in the scoring column with three runs.

DROUTH, FROST
WILL AFFECT
LABOR DEMAND

Drought and recent low temperatures have caused considerable uncertainty in immediate and future farm labor demands and supply trends, Edward F. Hayes, chief of farm placement, California Department of Employment, reported this week.

"Frost damage to fruits in central, northern and coastal areas will reduce immediate needs for thinners, and if crop losses are as severe as indicated by early reports, the need for harvest labor may also be curtailed," Hayes said. "The farm Placement Service of the Department of Employment is conducting field work to determine the changes in the seasons and labor demands which can be expected in 1953, in order to plan adequate labor recruitment measures and to make sure that there is efficient direction workers for maximum utilization of the limited farm labor supply," Hayes told the board.

STATE TAX TAKE AVERAGES 29% OF INCOME

Taxes collected in California in the last fiscal year totaled \$1,916 average per family in the state and took 29 per cent of family income on an average, it was reported this week by the California Real Estate Association at a meeting with leaders of the State Senate.

Of the total amount, \$238 average per family represents property taxes, the organization emphasized in its report, this amount being second only to federal personal income taxes which last year averaged \$770 per family. State sales tax required \$119 per family, state personal income tax \$26 and motor vehicle taxes an average an average of \$87, in addition to other miscellaneous taxes.

CUHS STUDENTS EXHIBIT WORK

Second year Fine Arts students of the Campbell Union High School are now having an exhibit on the Los Gatos Art Association sponsored wall at a local stationery store. This exhibit is arranged by Mrs. Marion Winston, art teacher, and will be held through the month of May.

Five still life arrangements showing a variety of interpretations from similar subject matter are the first attempts in oil of the following students: Bob Ciraulo, Runire Smith, Mary Lou Carlton, Pat Lee, Barbara Schlotzhauer.

Paintings exhibited include: "Weeds" by Tohru Itow, "Sea Green" by Elton Carter, "Line Wash Water Colors" include three of Paula Morse which won honorable mention at the Spring show held in San Francisco Emporium. Others working in this medium exhibiting were Jon Dorman, Garry Fuller, and Barbara Beutel.

Black Scratch, an interesting combination of crayon, india ink and tempera shows work by Barbara Schlotzhauer, Barbara Beutel and Maude Crain. "Lost" by Maude Crain was an award winner at the Emporium show.

Continuous line in tempera is "Gun Moll" by Karla Edsinger and "End of the Trail" is a glaze oil technique by Paula Morse.

The Los Gatos artists have a non-jury exhibit at Montalvo of paintings, ceramics, sculpture and weaving open to the public each afternoon until May 15.

Kiwanis Speaker Is Lt.-Gov. Gates

Lt. Governor of Kiwanis International, Marion Gates, on his annual visit to the local Kiwanis Club meeting Tuesday, as guest speaker introduced by President Milt Nelson, gave a talk concerning youth activities, the promotion of community interests in youth problems. Next week's program was not announced.

VACATION TIME! HOW TO SAVE ON GASOLINE

With the open road calling us from all directions and the price of gasoline getting to be quite an item in the family budget, many of us are spending some time these spring days wondering just how we can save a little gasoline. This can be done, according to the National Automobile Club, if you will.

Have your carburetor, ignition follow a few simple rules. points, and your spark plug gaps checked by a competent mechanic. With these correctly adjusted the saving of gasoline is already begun.

If your motor doesn't start immediately you step on the starter, don't pound endlessly on that button but give the carburetor a chance to clear and settle. Once the engine has caught on don't race it violently to "warm it up" but run it slowly for a while to let the lubrication get under way. When you start out along the road, don't accelerate fiercely, dynamiting away in a cloud of transmission gears, but start out smoothly and slowly and get out of low and second gears in as short a distance as possible.

Once out on the road it will pay you to maintain a steady and comparatively slow pace for the faster you go the faster the gasoline burns. The more, of course, that you can avoid coming to a stop the better it will be, so watch those traffic lights and try to hit a pace that will bring you to the intersection when the green light is on. If you do have to stop, try to do so smoothly rather than with a sudden jolt, and when you've parked your car by the side of the road to talk or to consult a map, don't leave the motor idling but turn it off and save some more.

Fast driving, reckless driving in which you dart from lane to lane, will cost you gasoline and possibly your life. Slow driving, careful and consistent driving, will save you gasoline and possibly your life.

P.G. & E.

PACIFIC GAS AND ELECTRIC COMPANY

Gas and electricity are cheap in California!

My wife and female secretarial staff see no news in this item, but I think it is interesting that just this week my office was converted from direct to alternating current. The nation's capitol is one of the last places in the country to convert from antiquated DC to the more modern and efficient 60 cycle alternating system. Hundreds of electric typewriters and other business machines were converted and DC motors should be pretty cheap in Washington.

The shoe is beginning to pinch on appropriation cuts. Daily mail in my office reflects more of this thinking -- "I'm for economy, but let's start on the other fellow" . . . It's hard for me congressmen to say, "No", but it is better than keeping taxes high and the budget out of balance. Even with the proposed \$1 billion dollar cut in national defense we will be lucky if we balance the budget this session, let alone cut taxes.

The Senate filibuster is still news. If it costs \$10,000 to print Senator More's 22 hour speech in the Congressional Record, I shudder to think what it must be costing to print the speeches for the whole debate. It is also interesting that the leaders of this filibuster are those who condemned the practice so strongly in the first days of this session.

RANDOM THOUGHTS ABOUT THE NATION'S CAPITOL . . . As a loyal Californian it kills me to admit that the most vividly colored Azaleas I have ever seen are here in Washington. They are almost as spectacular as the pink and white dogwood and the crabapple blossoms. Incidentally, the latter are much more of a sight than the famous cherry blossoms. Washington was laid out in 1800 by Major L'Enfant, whom Washington call "The Mad Frenchman". The "Federal Triangle" which contains the most important government buildings is formed by a straight line running from the White House to Washington Monument, thence down "The Mall" (a park) to the Capitol and from there back to the White House via Pennsylvania Avenue. The Capitol is the intersection of north-South and east-west lines and divides the city into 4 sectors. Northwest, Northeast, etc. Numbered streets run north and south; letters east and west. As one alphabet is consumed, the second alphabet starts with "Al-be-marle" and goes to "Worth-ing-ton". It all sounds simple and would be except that "Avenues", "Places", "Drives", "Roads", and "Circles" don't count and have been thrown in with no rhyme or reason. Dupont Circle, for example, is entered by 10 streets and has 19

individual sets of traffic lights. No wonder some people jokingly say that D. C. stands for the "District of Confusion".

Talk of a July 4th adjournment is gradually subsiding. One now hears August 1st. Of course when Washington heat hits, you hear less oratory and see more action. Those of us out West can't go home each weekend sincerely hope so. See you next week.

Quito Appliance Plans Branch In Campbell City

Gene Basinger, who was reported in last week's Press as having recently taken over ownership of Quito Electronics on Cox avenue in the Quito Shopping Center is currently negotiating for an expansion of his business venture into the Campbell area.

If current plans work out, Basinger will open a branch office in Campbell, on City Treasurer Ed Merrill's lot on E. Campbell avenue, behind the Campbell Press building and back of Merrill's home.

Arrangements are incomplete pending a discussion of city zoning regulations with the city council, but Merrill from whom Basinger will rent the property, said Basinger plans to handle various types of repairs for television and electronic uses.

Meanwhile, Basinger, who has been a TV serviceman for nearly two decades will continue to operate with the assistance of sales manager Tommy O'Hare, and Mrs. Basinger who will handle the bookkeeping and office management, his new "Quito Electronics" store in the Quito Shopping Center.

CAMPBELL MINUTE MEN . . . Fifteen minutes after the alarm was sounded at 1:05 p.m. on Saturday, Campbell's volunteer firemen, under the command of Fire Chief Jack B. Scott, had the fire in the stock room of Aero Pharmacy on 44 South Winchester Ave. under control.

The fire caused an estimated \$500 smoke damage and an undisclosed amount in damaged stock, according to the Fire Department and owner Richard Salice.

In photo above, Fireman Sal Lipari points to still burning trash can in which the fire is believed to have started. Standing by in varying degrees of readiness are part of the group of twelve firemen who responded to the call.

Firemen are: Angelo Licetino, Ras Nielson, Harlan Johnson. At 1:30 p.m., according to Campbell Fire Chief Scott, the fire apparatus was back at the Campbell Fire Station.

Local Artists Hold Exhibit Here

The April exhibit of local artists at a local stationery store brought many visitors and many pleasing comments. Five of the artists who took part live near Campbell and are members of the Los Gatos Art Association.

Frank Cutting of Harrison avenue has exhibited much of the time. He is one of Campbell's oldest settlers and its loved artist of fifty years or more. A blossom scene and a seascape were his contributions. Cutting paints in both oil and water color.

N. Edwin Johnson has been an artist at Muirson Label Company for 33 years. He is a close observer of nature as is shown in a watercolor of camouflage of the monarch butterfly of Pacific Grove. Sand dunes and seascapes in oil are his favorite expressions.

Eva B. Lee exhibited landscapes. Usually her exhibits are of flower studies so folks who know her work were surprised to find her equally fine as a landscape artist. Mr. Lee and Ed Johnson graduated in the same art class from College of the Pacific.

Georgia Lee exhibited a flower study and a landscape in oils. Mrs. Lee and her husband Dr. H. B. Lee who make frames for pictures painted by junior members in Mrs. Gamble's classes, are from Utah, and comparative newcomers here. They are the parents of Pat Lee one of Montalvo's junior painters.

Also exhibited paintings of LaVona Stanton. Two lovely pastels were shown. One of her mother and one of her son. Mrs. Stanton will show a portrait in oil at the Montalvo show.

Marion Winston's second and third year Fine Arts students will exhibit in Campbell this month.

JACK PAAR, Hollywood radio comic -- "Radio is the only entertainment medium not showing old movies."

Children Express Mother's Day Idea In School Work

The children have something to say for Mother's Day. Here are some of the thoughts expressed by Yvonne Francis' third graders at Cambrian School.

"Why we celebrate Mother's Day is because out Mother works hard. She washes our clothes. She makes our dinner. She loves us very much. Do you know why we celebrate Mother's Day? Thi is why. A lady Mother died and she was sorry. So she thought of an idea. This was it. She thought of this, because her daughter died. She thought that she shood have a Mother's Day."

Mark Hadley

"My mothe loves me, and I love her. my mother does more work than I do. sometimes I make more work for her. sometimes L make the beds and sometime I vacuum the rug. sometimes my brrouther helps me vacuum the rug. But he has a play vacuum?"

Tom Murphy

"I love my mothe ever so much she is very nice to me. We have much fun when it is cold outside. I love you more than I can say. I'll try to help you as much as I can. I can make my bed wash the dishes and be a good girl."
